

BIRDS IN GREENSPACES

APRIL-JUNE 2026

Are you ready for BTO's latest project?

Birds in Greenspaces is a brand-new, UK-wide citizen science survey and anyone can take part!

1

Record birds in your local greenspace(s).

2

Help us understand how birds use these spaces.

Learn and connect with the birds in your local area!

3

Results will inform better greenspace management to benefit people and nature.

We have some fantastic resources, including a brand new app!

**All
experience
levels!**

About BTO

British Trust for Ornithology is a Registered Charity, working to secure a better future for birds and nature, using our science, monitoring and data to inform good environmental decisions, inspire others with the wonder of birds, and empower them to work with us.

Funding

The project has been funded by a generous gift in Will from Denis Summers-Smith, for which we are extremely grateful.
