2 Formation

2.1 This Agreement shall commence on acceptance by the Supplier of an Order from the Customer (Commencement Date).

2.2 Provision of information or quotes relating to Charges by the Supplier shall not constitute acceptance of an Order.

3 Scope of Licence

3.1 Subject to the restrictions set out in this clause 2 and the other terms and conditions of this agreement, the Supplier hereby grants to the Customer a non-exclusive, non-transferable right, without the right to grant sublicences, to use the BTO Data Report during the Term for the Agreed Purposes.

3.2.1 access all or any part of the Services and/or BTO Data Report in order to build a product or service which competes with the Services and/or the BTO Data Report; or

3.2.2 subject to clause 20.1, license, sell, rent, or lease the Services and/or the BTO Data Report to any third party; or

3.2.3 introduce or permit the introduction of, any Virus or Vulnerability into the Supplier's network and information systems.

3.3 The Customer shall use all reasonable endeavours to prevent any unauthorised access to, or use of, the Services and, in the event of any such unauthorised access or use, promptly notify the Supplier.

4 Services
4.1 The Supplier shall, during the Term, provide the Services to the Customer on and subject to the terms of this agreement.

4.2 The Supplier may at any time during the Term, suspend the provisions of the Services to the Customer in order to:

4.2.1 deal with technical problems or make minor technical changes; or

4.2.2 update the Services to reflect changes in relevant laws and regulatory requirements.

4.3 The BTO Data Report contents are specific to the spatial information as provided at the time of the Order, and specific to the bird data available in the BTO archives and datasets at the time of the BTO Data Report’s generation. Therefore, any requests for updates to the BTO Data Report, whether using modified spatial information and/or to obtain more up to date information, are judged to be new report requests and will incur new Charges.

5 Customer reliance on the BTO Data Report

5.1 The report is based on two types of information:

5.1.1 archived data that have been verified by the Supplier using reasonable endeavours; and

5.1.2 live data that may be partially or completely unverified.

These different types of data are clearly labelled in the BTO Data Report and the Customer agrees to read and have regard to the limitations of the data sources when using the BTO Data Report.

5.2 The Customer and Supplier agree that any BTO Data Reports provided to the Customer may be used by the Customer for commercial purposes including in the course of its business.

5.3 The Customer acknowledges that certain rare or sensitive bird species may be omitted from the BTO Data Report. The Supplier shall indicate the likelihood of such omissions in the BTO Data Report.

5.4 The Customer is responsible for undertaking their own reviews of the BTO Data Reports and to ensure that the data are suitable for their particular purpose or application. Use of the BTO Data Report by the Customer for any particular purpose is carried out at the Customer’s own risk and the Supplier shall not be liable for losses caused by an error by the Customer in application of the BTO Data Report for any particular purpose.

5.5 As the BTO Data Report is based off biological data, it is easier to indicate that a species is/has been present at a site than it is to say with confidence that a species does not occur at a site. Absence of evidence is not evidence of absence. Accordingly, the Customer acknowledges that species’ absence cannot be assumed based on the BTO Data Report.

6 Customer data
6.1 The Customer shall own all right, title and interest in and to all of the Customer Data that is not personal data and shall have sole responsibility for the legality, reliability, integrity, accuracy and quality of all such Customer Data.

6.2 The Supplier shall, in providing the Services, comply with its Privacy and Security Policy relating to the privacy and security of the Customer Data which is Personal Data available at https://www.bto.org/about-bto/privacy-statement or such other website address as may be notified to the Customer from time to time, as such document may be amended from time to time by the Supplier in its sole discretion.

6.3 If the Supplier is storing any Customer Data, the Supplier shall follow its archiving procedures for Customer Data as set out in its Back-Up Policy available on request or as may be notified to the Customer from time to time, as such document may be amended by the Supplier in its sole discretion from time to time. In the event of any loss or damage to Customer Data, the Customer's sole and exclusive remedy against the Supplier shall be for the Supplier to use reasonable commercial endeavours to restore the lost or damaged Customer Data from the latest back-up of such Customer Data maintained by the Supplier in accordance with the archiving procedure described in its Back-Up Policy. The Supplier shall not be responsible for any loss, destruction, alteration or disclosure of Customer Data caused by any third party (except those third parties sub-contracted by the Supplier to perform services related to Customer Data maintenance and back-up for which it shall remain fully liable).

6.4 Both parties will comply with all applicable requirements of the Data Protection Legislation. This clause 6 is in addition to, and does not relieve, remove or replace, a party's obligations or rights under the Data Protection Legislation.

6.5 The Customer warrants that any data it supplies to the Supplier:

6.5.1 Is free from any Viruses, code or software which will adversely interfere or corrupt any of our computer systems;

6.5.2 does not contain any intellectual property rights of third parties (except in cases where the Customer has a licence to use that third party’s intellectual property and uploading it to the Supplier would not breach the terms of that licence); and

6.5.3 if spatial data, is in the GIS file format or such other format as authorised by the Supplier in writing.

6.6 Nothing in this clause shall prevent the Supplier from collecting, processing and owning statistical and analytics information about the use of the Services.

7 Supplier's obligations

7.1 The Supplier undertakes that the Services will be performed with reasonable skill and care.

7.2 The undertaking at clause 7.1 shall not apply to the extent of any non-conformance which is caused by use of the Services contrary to the Supplier's
instructions, or modification or alteration of the Services by any party other than the Supplier or the Supplier's duly authorised contractors or agents. If the Services do not conform with the foregoing undertaking, Supplier will, at its expense, use all reasonable commercial endeavours to correct any such non-conformance promptly, or provide the Customer with an alternative means of accomplishing the desired performance. Such correction or substitution constitutes the Customer's sole and exclusive remedy for any breach of the undertaking set out in clause 7.1.

(a) the request by the Customer for a BTO Data Report;

(b) spatial data provided by the Customer; and

(c) the BTO Data Report.
