

# House Martin Survey 2017 Form A: About the Site

Please use this form to record information on the study site that you have selected. This form will help you relocate individual nests when making your field visits so should only be returned to the BTO at the end of the field season, and then only if you have not submitted your observations through our online survey pages. **PLEASE USE BLOCK CAPITALS ON THIS FORM. If you are monitoring a subset of nests, only record information for those you are monitoring.** Data protection: For details on how we use, store and share the information you provide please contact or visit [www.bto.org/about/privacy-statement](http://www.bto.org/about/privacy-statement).

## 1 About you

Please provide your contact details so that we can get in touch we have queries about the information that you have supplied, and send you feedback on the survey results.

Your name

Your address

Your email

Your phone number

## 2 About the site

Name and address of the site (where applicable)

Six-figure grid reference of the site

## 3 About the site's location

You only need to do this if you will be submitting your observations on paper forms. If you use our online system you will be able to draw the site's location onto a map. Draw a view of the site from above, and mark the perimeter of the location of the study site. Please include sufficient detail so that we can find your site on a map and then input your information.
