

# Tetrad Visit Recording Form - Breeding Waders of English Upland Farmland

Tetrad \_\_\_\_\_ Visit 1 date: \_\_\_/\_\_\_/2016      Start time: \_\_\_:\_\_\_      Finish time: \_\_\_:\_\_\_  
 Visit 2 date: \_\_\_/\_\_\_/2016      Start time: \_\_\_:\_\_\_      Finish time: \_\_\_:\_\_\_

## Mammalian predators

Please provide a **Count** of all mammalian predators observed within the survey tetrad on each visit. Tick as **Present** if predators are known to have occurred during 2016, based upon\*:

- A) fresh signs (droppings or footprints),
- B) reliable reports or
- C) seen on additional visits.

|                | Visit 1 |          | Visit 2 |          |
|----------------|---------|----------|---------|----------|
|                | Count   | Present* | Count   | Present* |
| Badger         |         |          |         |          |
| Cat            |         |          |         |          |
| Dog            |         |          |         |          |
| Fox            |         |          |         |          |
| Hedgehog       |         |          |         |          |
| Stoat          |         |          |         |          |
| Weasel         |         |          |         |          |
| Polecat/Ferret |         |          |         |          |

## Game keeper and predator control activity:

Please provide counts of all signs of game keeper/predator control activity within the tetrad on each visit. Tick as **Present**, if game keeping activities are known to have occurred during 2016, based upon\*:

- A) reliable reports or
- B) observed on additional visits

|                   | Visit 1 |          | Visit 2 |          |
|-------------------|---------|----------|---------|----------|
|                   | Count   | Present* | Count   | Present* |
| Pheasant pens     |         |          |         |          |
| Game bird feeders |         |          |         |          |
| Larsen traps      |         |          |         |          |
| Crow traps        |         |          |         |          |
| Stoat traps       |         |          |         |          |
| Dead corvids      |         |          |         |          |
| Dead moles        |         |          |         |          |
