

FURTHER INSTRUCTIONS

For full survey instructions and guidance, please see Wader Calendar 2022 Survey Instructions and **Wader Survey Behaviour Guide** hosted on www.bto.org/wadercalendar

Please remember to enter zero counts (unless no waders recorded all year – if so, tick box above calendar). Try not to double-count the same birds in each week. If you didn't record on a given week, strike out that week's row with a line across it.

WADER CALENDAR RETURN

Email a scan/photo of your Wader Calendar to waders@bto.org or post to BTO Scotland, Beta Centre (Unit 15), Stirling Innovation Park, Stirling, FK9 4NF **by 30 September 2023.**

FARM DETAILS Your data and farm details will be stored in line with our published Privacy Policy, no personal details will be shared when publicly reporting on Wader Calendar data.

Farm name :	Central Grid Reference (of recording area) – can use an OS Map or www.gridreferencefinder.com :
